15TH APRIL 2015

A Voice of Protest Against Foreign Funded NGOs in Delhi

A meeting to protest against NGOs funded by foreign countries was organized by Dr Shobha Vijender, Founder President, Sampurna. It is to be noted that Sampurna is working for upliftment of downtrodden segment of the society in Delhi. The executive members of Sampurna have demanded that CBI enquiry may be ordered against the NGOs who are indulging in anti-national activities and have political leaning to defame India in international arena. The NGO Sabrang and its media house run by Teesta is an eye opener for people. It is unfortunate that Teesta — through her NGO Sabrang getting funds from America based Ford organization — is stoking fire on communal tensions. We should condemn such anti national activities in the name of NGOs. Such NGOs should be banned.

Dr Shobha Vijender, on the basis of the media reports making these NGOs responsible for the stoking communal tensions, asked the government to take serious steps to finish this menace. A large number of people attended the meeting. During the meeting Taruna Kataria, President of Sampurna, alleged that the advanced and the powerful are afraid of progress of India. With a clear motive

to create lawlessness which may block the economic, military and industrial progress of India, the foreign countries have created some NGOs with their money power, clandestinely. They are serving their masters by instigating poor and illiterate masses against development of the infrastructure such as dams, power houses, roads, bridges and industries.

Obviously, these NGOs are funded by foreign government, through these antinational people whose true intentions are hidden under their so-called progressive face and lip sympathy to poor. Strangely, such NGOs due to their links are also being sanctioned grants in aid amounting to millions of rupees by the foreign agencies.

Dr. Shobha Vijender demanded that the foreign donations to NGOs must be routed through the Government only. In the end she demanded that the genuine social workers in the field of voluntary movements should come forward and isolate those NGOs which are a slur on the face of the NGO movement and foreign spies.

14TH JUNE 2016

Injustice Against Women Will Not Be Tolerated By Sampurna

Dr. Shobha Vijender, Founder President of Sampurna demands immediate arrest of Somnath Bharti, former Law Minister of Delhi. The way Somnath Bharti is stating that he is not living with his wife for the last 5 years makes every woman feel that a powerful man could lie to any extent. He is abusing his powers and is trying to portray the image of his wife as a cruel woman.

The D.C.W too has summoned him to appear before the commission on 26th June. It shows that the commission is not keen to provide spontaneous relief to women. His wife, Ms. Mitra has complained about her torture in a 28 pages long report and reached the gate of commission to get justice against the big leader of AAP Party but the delay in calling him before the commission raises an eyebrow. In a Press note released today she stated that if Delhi Police Commissioner doesn't take the cognizance of Bharti in a day or two, a large number of volunteers of Sampurna would protest to arrest the psychopath Bharti. The way he tortured African women a year ago and now his wife alleging that he sets dogs on her are shameful examples of his criminal behavior. We should not leave such psychopaths free in society.

15TH JUNE 2015

15 Days Self Defense Training Program Started By Sampurna In Rohini

Social Organization Sampurna commences 15 days Self Defense Training programme for Self Defense and empowerment of women. 100 adolescent girls and women participated in the training programme which was inaugurated by Dr.

Shobha Vijender, founder President of Sampurna. She shared experiences of her life and social service of 20 years in Sampurna.

She said that though half of the 125-crore population of India is that of women, their condition is not good. Women themselves are responsible for their present condition. If a woman decides to live a dignified and independent life, there is no power on earth to stop her from doing so. To support this argument, she quoted the examples of many women of Delhi and India before the participants, whose life have been a motivation for others to follow them.

Smt Taruna Kataria, President Sampurna, apprised the participants of the activities carried out by Sampurna in detail. She informed that after completion of the 15 of days training, the participating girls and women will be able to assess themselves and will find that they have become more empowered and daring. Women trainers from Delhi Police were present to impart training to the participants who introduced in minute details the various aspects of self-defense in practice

Girls and women would be provided detailed training for all aspects of personality development too. During this training, specialists from different fields will introduce the participants to the aspects of personality development. On the first day, participants were put through a questionnaire to assess the level of their personality development. They will be put through another questionnaire at the end of the training to assess the progress made in development of their personality.

16TH JUNE 2015

Justice Should Be The First Priority, Demands Sampurna

Dr. Shobha Vijender, founder president Sampurna said that Delhi Police and the Delhi Women's Commission are wasting time in legal procedures by not immediately arresting Shri Somnath Bharti, lawyer and AAP MLA, for serious crime committed by him against his wife and are helping Shri Bharti to weaken the case. This has shocked women organizations and aware citizens of Delhi. They want the psychopath and alleged offender, who inflicted barbaric violence on his wife and children, to be arrested immediately.

She said that yesterday when there was a press conference of Smt. Lipika going on at the residence of President Delhi Women Commission's residence, the sudden and dramatic entry of mother of Shri Bharti reflects that a conspiracy is being hatched to trap Lipika at the behest of Somnath Bharti to influence the journalists. Somnath Bharti is having an eye on all activities of Smt. Lipika, Delhi Women Commission and Delhi Police and is making full use of their mistakes. He is leveling serious allegations of character assassination against Smt. Lipika. Smt Shobha Vijender has demanded answers from Delhi Police Commissioner, Women Commission and Shri Somnath Bharti to the following few questions:

- If it was not a case of Shri Somnath Bharti, would the Delhi Police and the Women Commission have not arrested the culprit for a non bailable serious crime under section 498A and 120B and put him behind bars.
- According to Smt. Lipika, she married Shri Somnath Bharti five years ago in 2010. Now Shri Somnath Bharti through his tweets is levelling allegation of character assassination against Smt. Lipika. As per Shri Bharti there had been no relationship between him and Smt. Lipika for the last five years. If that is the case, are the two kids of Smt. Lipika not from Shri

Somnath Bharti? According to Smt. Lipika, Shri Bharti has been meeting her all through this period and both of their kids are born out of her wedlock with Shri Bharti.

- Will Delhi Police carry out DNA test of Shri Somnath Bharti and their two kids?
- Would Delhi Women Commission lodge a case with Delhi Police against Shri Somnath Bharti for character assassination by him of his wife Smt. Lipika?
- Though Delhi Govt. claims to be a transparent Govt, they are shamelessly defending Shri Bharti. Why are the chief minister of Delhi, his ministerial colleagues and MLAs who raise hue and cry on everything, silent on the issue? Why are they not resorting to Dharnas at Janter Manter in favour of Smt. Lipika now?

Dr. Shobha Vijender said that replies to the questions raised by her are being sought by every Delhiite, from Delhi Police, Delhi Commission for Women and Shri Somnath Bharti. If justice is not done to Smt. Lipika, Sampurna along with other Women Organizations and social organizations will start a Delhi wide protest.

10TH JULY 2015

Sampurna Protest Against AAP MLAs' Alleged Mistreatment Of Women

Sampurna NGO organized an impressive dharna at Jantar Mantar, demanding immediate arrest of AAP leaders Kumar Vishwas and Somnath Bharti for their illegal activities. It seems that constitutional authorities have bowed down to the pressure of Delhi Govt. In both the cases in the absence of LOKAYUKTA, the Lieutenant Governor should take the sue motto.

Dr. Shobha Vijender, Founder President of Sampurna, said that if Kumar Vishwas and Somnath Bharti are not sent to jail, the Delhi Govt should be ready to face the consequences. She said that the AAP Govt came to power on the promise to provide complete security to women. But now their own MLAs are openly involved in criminal activities. This has created a sense of fear amongst the women of Delhi. If Kumar Vishwas and Somnath Bharti are not arrested immediately, the women will lose their faith in law.

Vijender Gupta, Leader of Opposition in Delhi Legislative Assembly addressed the protesters at dharna and said that AAP claimed in the election campaign that every woman will be secure in Delhi if they won. The leaders of the same party are now committing atrocities on women in their own family. It is alleged that the wife of Somnath Bharti was bitten by dogs at the behest of Somnath. In the 21st Century this cruel act by elected representatives cannot be tolerated. It is surprising that CM, Kejriwal is silent on the subject. Kumar Vishwas, another Founder Member of AAP is alleged to have threatened a woman who lodged an F.I.R against him two days before. The DCW and Delhi police are doing nothing in both the cases under the pressure of Delhi Govt.

More than 300 women participated in the dharna despite heavy rains. They were held placards in their hands with slogans **“Kumar Vishwas, Somnath Bharti Ko Girftar Karo, Girftaar Karo”** **“Mukhyamantri Sharm Karo-Sharm Karo”** **“Mahilao Ke Apradhiyo Ko Jail Bhejo”** etc. The dharna went on for hours. Representatives of many women organizations took part in the dharna. Taruna Kataria, President, Sampurna and many women intellectuals addressed the gathering present in the protest.

11TH JULY 2015

ASSOCIATE MEMBERS MEETING

Dr. Shobha Vijender, Founder President gave a motivational speech to the members to make them more audience specific and sensitive towards the organization. Everybody appreciated her energetic motivational speech. Taruna Kataria, working president, informed the members that two beautiful programs were organized by Sampurna in the last month. The society guard's programme was widely appreciated by all. According to her, 34 girls passed the security guard training test. It is a matter of great honor for the organization that the first four jobs were offered by prestigious Hotels Taj Man Singh and Taj Palace. The valedictory function after the successful 40 days camp was organized where certificates were distributed to the children for a campaign to provide skilling to every adolescent girl. After the completion of the course and skilling, these girls would be getting employment immediately.

In the end, tea and biscuits were served to all.

24TH JULY 2015

DCW Should Have An Experienced Chairperson With No Bias

Dr Shobha Vijender, Founder President of social organization Sampurna, demanded that Lt. Governor of Delhi must not allow appointment of controversial woman, Swati Maliwal to the constitutional body Delhi Women Commission.

Swati Maliwal does not even possess the qualification required to occupy the constitutional appointment of chairman Delhi Women Commission as she has

been looking after the work relating to public interaction at Chief Minister Office. She is only an AAP volunteer. By appointing her as chairman of a women commission of an important state like Delhi, Chief Minister and AAP want to implement their political agenda to the commission. If this happens, it will diminish the dignity of this constitutional organization. The Commission will become a wrestling ground for the political party.

Dr Shobha Vijender said that an unbiased and expert woman having worked for the cause of women should be appointed who maintains the dignity of the institution and provides equal treatment to all women and helps them get justice. Swati Maliwal believes in more propaganda than working for the interest of women which she presented by visiting G.B. Road. Why did she not bother earlier for women living in inhuman condition at G.B. Road? What has she done for the upliftment of women living in stressful situations? The Delhi Government is trying to make a mockery of DCW for its vested interest. By appointing their own party worker, they want to defend Somnath Bharti and Kumar Vishwas. Dr Shobha Vijender says that the intentions of Delhi Government are mala fide and women of Delhi would not tolerate such a nasty appointment in Delhi.

A batch of 15 girls has started going to Peeragarhi to learn how to drive. The management of Sampurna is also planning to close down the units of some skill development programmes. Pawan Gaur is of the view that since Sampurna is planning for the PM Skill Development programme, the smaller unit should not be encouraged. Ms Tanvi is also of the opinion that small NGOs should come forward for Community Based Services and Sampurna should do more specialized programmes. The management henceforth decided to close down more units and start associating with NGOs. Tanvi told the members that a big programme is being planned on 13th August, 2015 on the eve of Independence Day. In the end, tea and snacks were served.

13TH AUGUST 2015

Social Organization Sampurna organized a colourful cultural function on 13 August 2015 at its Amarjyoti Colony Centre in Sector 17, Rohini, Delhi-110089, on the auspicious occasion of Independence Day.

The programme was inaugurated by Dr. Shobha Vijender, Founder President of Sampurna with lighting of ceremonial lamp. Dr. (Prof) Neelam Goel, Dy. DCW Chairman must act constitutionally and should take impartial decisions. Can women really expect justice from her?

Dr. Shobha Vijender, Founder President of Sampurna and Municipal Councilor, said that Swati Maliwal, Chairman, Delhi Women Commission is diminishing the dignity of the Commission.

It appears that she is functioning in the capacity of an AAP worker. She demanded that Lt. Governor may take appropriate steps in accordance with the constitution and law against her for not working impartially.

Fresh example of her partiality is not proceeding against AAP MLA Alka Lamba for forcibly entering into the shop of a relative of BJP MLA Shri O.P Sharma and destroying property. Instead, summons has been issued by the DCW to Shri O.P Sharma for appearance who is only a victim.

Dr. Shobha Vijender said that Mrs. Lipika, wife of Shri Som Nath Bharti lodged her complaint with the Commission. Former Chairman of the DCW, Barkha Singh asked Shri Bharti a number of times to appear before it to record his statement, but he did not appear.

Similarly, a complaint is registered with the DCW against Kumar Vishwas, Senior AAP for molestation of a woman and threat to kill her. Kumar Vishwas has still not appeared before the Commission to record his statement. Swati Maliwal has taken no action against them as they are from AAP. The Commission is a constitutional organization. The Chairman of the DCW was supposed to act impartially as per the constitution. It is however regretted that she has reduced the dignity of DCW, a constitutional body. We cannot expect justice from her.

Sampurna Demands Revamping The Education System By Reintroducing Marks System.

Dr. Shobha Vijender, Founder President of Sampurna and educationist, in a letter written to Smriti Irani HRD Minister, has demanded that education policy propagated by the Congress regime needs to be reversed. The age-old system of marking was abolished, making the system astray. She added that the former HRD Minister, Kapil Sibbal brought a change not to fail any student till 10th class. The Grade system was introduced in Congress Govt. regime. This system is continuing. The implementation of this policy has led to a fall of standards in education.

Children have lost interest in studies. Teachers are also shirking responsibility to motivate students to score high marks. They have also adopted the policy of “Kaam Chalaau Teaching”. Many states had protested against the policy “The policy of no failure” in class 5th, 8th, and 10th. Academicians in the country were also openly against this policy. The standard of education is deteriorating. Education is to add qualities in human beings but in the absence of any proper evaluation system children are passing classes but learning nothing. It was said earlier that school education in India is of par excellence and any child who has done 12th from CBSE can compete with anyone in the world, but due to

politicization of education and to make the system weak, the Congress Govt. wanted their vote bank to remain unaware. So, it is the need of the hour that the NDA led by Prime Minister Narendra Modi should revive our education values through a fool proof system.

As a result, the standard of education is deteriorating in competitive examinations for appointment to Govt. services. There is no spirit to compete as it used to be earlier. Education experts, skill specialists, psychologists, and career counselors are of the opinion that the grade system should be abolished and that the earlier system of pass or fail based on scores should be reintroduced.

ASSOCIATE MEMBERS MEETING

An Associate Members meeting was held at the Head Office. Taruna Kataria, President, presided over the meeting. She welcomed all and started the meeting with the programs held last month. She talked about the Independence Day program which was held in Amarjyoti Colony on 13th August 2015. She informed

the members about Sampurna's first batch of Motor Driving training which had started in DD Motors at Peeragarhi last week and that the second batch of 10 girls was ready to start in the next month. She said that the Home Appliances training course of 90 days would start in Amarjyoti Center and asked the members to enroll beneficiaries in different skill development courses starting in Sampurna.

She also discussed two critical cases of previous days with the members and requested to make a team of 5 or 6 members for further support of the victims of CIC and FCC who will take a follow up and give them further assistance. Mrs Alka Bhatia, Sh D.P.Gupta, Mrs Lata Malik and Mrs Seema Kapoor came forward for this supporting team. Taruna Kataria informed them about the Self Defense Training and mental health workshop program which would be held on 5th October 2015 in Sachdeva Public School, Pitampura, New Delhi, 110034.

She thanked all the members in the end.

Tea and snacks were served.

Aam Aadmi Party Has Nothing To Do With Women Safety And Dignity

The founder President of Sampurna Dr Shobha Vijender stated in a press release that the double standards of Aap in treating women have been exposed. The way Somnath Bharti, former Law Minister and MLA, is hiding after being denied bail, it appears he has no respect for rule of law. If the CM Arvind Kejriwal has any

respect for law, he should immediately suspend him from the party and Legislative Assembly.

Dr Shoba Vijender, with management of Sampurna today in a meeting, said that Bharti is facing serious allegations of dowry and attempt to murder but AAP Party continuously tries to protect Bharti. The High Court in his 23 pages verdict clearly mentions that Somnath is a violent person not in home but outside also. He took his dog named Don to Police Station at the wee hours of night to trouble the police officers. The name of dog 'Don' itself reflected his dubious personality. During these days, he and his party continuously tried to harass police and his wife. This is not only an insult to Lipika but the entire women folk in the country.

She further leveled serious allegations on Swati Maliwal, Chairperson of DCW who worked not as a representative of women but as a worker of Aam Admi Party. Even being a woman, she did not pay heed to the trauma of Lipika. It is a matter of shame that she did not do anything either in Lipika case or the woman who complained against Kumar Vishwas.

She appealed to the Commissioner of Police that Somnath Bharti should be arrested immediately otherwise he would intimidate the witnesses and hinder the investigations.

8TH OCTOBER 2015

New Wine Shops In Rohini Are A Source Of Security And Safety Issues For The Residents, Especially Women

Dr. Shobha Vijender, Founder President of Sampurna demanded from the Chief Minister and the Police Commissioner of Delhi that new wine shop opened in North Ex Mall, Sector-9, Rohini be closed immediately as residents of housing complexes around it are feeling insecure due to hooliganism created by drinkers.

She said that residents of housing complexes around the wine shop, led by her, will organize a peaceful dharna in front of the shop to demand security. In this dharna, Dr. S.L. Sagar from Overseas Aptt, Smt Chitra Aggarwal from Pink Aptt, Smt. Nirmala Gupta from Oriental Aptt, Smt Payal Grover from Lal Jyoti Aptt and Smt. Archana Tyagi from Kadambri Aptt etc will also participate.

Dr. Shobha Vijender said that the Aam Aadmi Party Government has been taking anti people decisions from the day it assumed power. In this connection, the Delhi Government has decided to spread wine culture in Delhi. Earlier, the Government wanted to sell beer in every lane and mohalla. A plan had also been made to permit retailers to sell beer. This decision was strongly protested throughout

Delhi. Apprehending trouble, the Government had to put this anti people decision in cold storage.

The Delhi Government is now quietly issuing licenses to open new wine and beer shops. Through the Tourism minister of Delhi, the Chief Minister is sending a message to the people of Delhi to permit drinking of wine and beer throughout the night. For this, the government has found Night Life, a means to popularize drinking. Shri Kapil Mishra has said that State Governments have decided for nightlife in Mumbai and Bengaluru. A similar decision will be implemented in Delhi also.

Dr. Shobha Vijender said that the climate of Mumbai and Bengaluru was such that people here can work throughout the night. While Mumbai and Bengaluru have the same climate throughout the year, Delhi has extreme, summer, winter and rainy seasons. Delhi is considered to be the most unsafe capital of the country. The Nirbhaya incident occurred here only.

Women of Delhi feel insecure even in day life. If nightlife is permitted in Delhi, it will become a haven for criminals and terrorists. The Government will have to spend much more to save the people from drinking related diseases than the revenue it will generate from sale of wine. Night life will also lead to increase in domestic violence and family disputes in the capital.

10TH OCTOBER 2015

ASSOCIATE MEMBERS MEETING

The meeting took place at the head office. After the completion of chorum, Taruna Kataria presided over the meeting. She firstly read out the past programmes that took place in centers of Sampurna. According to her, most of

the grant-in-aid projects of Sampurna have been closed down. Due to non-payment of any grant from NDMC for the last four years, it was decided in the meeting that Sampurna would not continue such projects. However, members suggested that some of the projects, where a large number of beneficiaries are getting benefitted should be continued like Cutting and Tailoring, beautician and computer -based projects. The Gen. Secretary of Sampurna, Radhika is of the opinion that Sampurna is a community-based organization which has served the people of Delhi with grant-in-aid and without any grant-in-aid. So, we should explore ways and means to serve the people. Taruna is of the opinion that Sampurna has widened her reach to an extent that people have started looking forward to the projects and events of Sampurna. Without getting any financial support, you cannot run such a programme. So, we should charge some nominal fees and continue with projects.

Sampurna Distributes Certificates To Young Women On The Completion Of Training Course

Well-known social organization Sampurna, on completion of Tailoring and Computer Training programme at its Center, G.R.C, Village Shalimar, distributed certificates to the participants of the training programme. These certificates were distributed by S/Sh. G.N.Bala (C.L.I.A.) (Manager), Sh. C.S. Thakur (C.L.I.A.), (Dy Manager), Sh Vikas Arora, all senior officers of Life Insurance Corporation.

All the guests, in their addresses explained in detail about Jeevan Rakshak Policy of LIC, how to save money and how this saving can be useful in an emergency. Women are a major part of the identity of a nation. Young girls can now work as Tailors and Computer Operators and shoulder financial responsibility of their family. It is an important contribution from Sampurna for women empowerment and self-reliance.

On the occasion, Smt. Taruna Kataria, President Sampurna, in a message conveyed that the organization has made lakhs of young girls and women financially independent by providing them opportunities for self-employment, self-defense and socio-economic development. She explained that given the right means to develop, youth can contribute tremendously to the development of the

society and the nation and as such, young women have an important role in every field of work. She also thanked the guests for sparing their valuable time to make the program successful.

Sampurna Protests Against Politics On Gang Rape Of Juveniles

Hundreds of beneficiaries of Sampurna today protested against playing politics on the sensitive issue of rape by the Chief Minister of Delhi, Arvind Kejriwal. The protest was led by the founder president of Sampurna, Dr. Shobha Vijender at the Players building, Delhi secretariat, New Delhi. The protesters were shouting slogans saying that Kejriwal should not pass the buck of his administrative failure on others. The people of Delhi want to know how, after being in power for 09 months, he has not been able to fulfill any of his manifesto promise. He had promised that women commandoes would be placed in buses in Delhi. The CCTVs would be installed in all sensitive, lonely and vulnerable areas. But nothing has been done. The crimes against women, especially juveniles, are on the rise in Delhi. The capital is shivering with violent and ghastly crimes.

Taruna, President of Sampurna raised her voice and said that at least Chief Minister should spare the rape issue to do politics. She appealed to the people of Delhi not to leave their children alone even in the company of their own relatives and neighbors. Tanvi Grover, coordinator of Sampurna, was very aggressive saying that during the regime of AAP, inflation, mismanagement, traffic congestion and hopelessness has risen. The Chief Minister of Delhi should work

rather than make allegations on others. His failure to govern is a very disturbing situation. The 2 hours long protest has been very peaceful.

Dr. Shobha Vijender said that she would not allow the ‘gunda’ elements to raise their necks.

25TH OCTOBER 2015

The Present Government Is Not Serious On Women Safety

In a meeting held at the head office of Sampurna, the executive body of Sampurna decided to speed up its Self Defense and Mental Health strength project as no strong preventive measure on women safety has been taken by Delhi Government so far. Dr. Shobha Vijender, the founder president of Sampurna in her fiery speech remarked that the AAP Government which came into power on women safety is making mockery of the system by passing a buck on others. The crocodile tears of Kejriwal and his Government are of no help in reducing the rate of crimes committed against women and children. The peaceful agitation by the volunteers of Sampurna on 19th October 2015 at Players Building, New Delhi was kept to aware the masses that special sessions by the cabinet on women security is an eye wash.

Taruna Kataria, working president of Sampurna said that it is very surprising that the Hon’ble CM and his Government do not know that the Juvenile Justice Act has been amended by the parliament. According to the amended section of the Act, if any crime has been committed by 16-18 years of juvenile, the Juvenile Justice Board could now send the child to the court if it feels so. Another law, Protection of Children against sexual offences (POCSO) is being implemented to

safeguard the children against various forms of exploitations of children. The cabinet meeting has said nothing new and concrete. It seems that to cool down the anger of people of Delhi because of brutal rapes of minors, the Delhi Government held a special session.

Tanvi Grover and Priyanka Yadav, a social activist, are of the view that we should not rely on the present Government to protect the women of Delhi. Sampurna has organized more than 85 Self Defense Training and Mental Health strength training programs in every nook and corner of Delhi. The awareness programs organized by Sampurna on parenting in the slums of Delhi are also the need of the hour.

Tanvi Grover informed that we have organized such awareness campaigns in Rajapur, Amarjyoti Colony, Badli, Shalimar Village, Haidarpur, Ayurvedic Camp, Shahbad diary, Suraj Park in the recent past.

ASSOCIATE MEMBERS MEETING

The Associate members meeting of Sampurna is held on every 2nd Saturday of the month. The members are duly informed to come and suggest their view point to improve the projects so that maximum benefits could be drawn to the beneficiaries. This meeting of associate members was held by wishing everyone on Bal Divas. The Vice President of Sampurna, Asha Jain took the meeting. She firstly told the members that Sampurna is passing through a very complicated time as a lot of financial crunches are coming up. No grant-in-aid is received either in GRC or in the Recreation Center. Asha Jain ji suggested that we should immediately consult the other NGOs who are working in the same direction to ascertain their intentions to continue the projects/ programmes. She even said that Sampurna is a pioneer through grant-in-aid or otherwise. We have established our credibility for the same. Now we have to clearly decide our future course of action

because ultimately after a month, a large number of teachers/ supervisors/ counselors will look forward to salary. Hence, this issue should be dealt with on an urgent basis. Asha Jain further talked about the self-defense programmes.

In the end, tea was served to all.

12TH DECEMBER 2015

ASSOCIATE MEMBERS MEETING

The Associate Member meeting was chaired by the coordinator, Tanvi Grover. She firstly informed the members that as per the discussion in the November meeting, a serious thought was given to the grant-in-aid projects by Sampurna. She told the members that Dr Gyanneder who is running the campaign to release the grant-in-aid was contacted. He said that there are very few chances that Delhi Govt. would release the funds. So, still there is uncertainty. She told the members that CIC was also shut down by the D.C.W chairperson, Swati Maliwal. According to Tanvi, she had a fight with our President, Taruna and D.C.W Chairperson immediately, and shut down the project. So, things are not going well in Sampurna. Tanvi discussed the efforts of Priyanka Yadav to start a project of Skill Development.

Sampurna Rescues On Old Woman Locked In Her House By Family

Founder President of Sampurna, Dr Shobha Vijender, with the help of police, got an old lady released who had been abused and tortured by her kins for the last seven years.

Dr Shobha Vijender got the information through a reliable source that an old lady was kept locked in a room by her own son and daughter-in-law. After getting this information a rescue operation was launched with the help of local police.

When the volunteers of Sampurna reached the address, waiting for a few minutes they observed that a woman was locked in the room and they were able to get it opened after a lot of effort. They also found that the room was dirty and the household items were strewn all over the room. Interaction with the lady revealed that she was kept locked and had been getting abused for almost 7 years by her own family members.

A letter written by the old lady reflects a very sad picture. According to the letter she was tortured, abused and beaten by her son. Not only her but her parents and brother (Mama) are also abused by her son. The letter shows that the son wants her mother to die as soon as possible. When the volunteers of Sampurna Priyanka Yadav and Goldy Bhardwaj intervened with the son who himself seems to be 50 years old, he locked himself in and did not answer any questions asked by them. The Granddaughter said that she too wants her grandmother to be taken away either to an old age home or anywhere else. The plea given by her for this hatred is that her mother was also tortured earlier by the grandmother. Sampurna is determined to help the old lady to live a life of dignity in her own house.

While mothers work in the houses, these children wander in the park aimlessly. There is always a risk to their young, innocent life. Gangs of kidnappers also have eyes for such children.

Children of families who are not getting education because of financial constraints should be sent to this education center for study, so that they can read and write and play their important role in the development of the nation. She said that more such education centers will be opened to provide education to poverty-stricken children.

AGM+ELECTIONS 2016-17

Smt Taruna Kataria, in the presence of the founder President Dr Shobha Vijender, read the annual report 2015-16. After her presentation of Report Dr Vijender, in the presence of more than two-thirds of executive Members, renominated Smt Taruna Kataria as President. Pawan Gaur, another executive member seconded her name. Jitender Gupta proposed the name of Radhika as Gen. Secretary. Her name was also proposed by Asha Jain. The name of Saritra for treasurer was proposed by Anand Dahiya and seconded by Madhu. Dr Shobha Vijender announced that Ms. Taruna Kataria, as president, Radhika as Gen. Sec, Saritra as Treasurer are elected with consensus in AGM for the financial year 2016-17.

The second, very serious agenda discussed in the AGM is to begin a “Delhi School Adarsh Toilet Mission 2016” in Delhi. Dr Shobha Vijender who herself is a municipal councilor also suggested that Delhi Schools still have non usable toilets. The girl children have to answer nature's calls in an unsafe and unhygienic setting because toilets are not usable. So, a very intensive project is designed to bring in children a habit of keeping clean toilets. It was also planned that a new bank account is to be opened with a joint signature to keep the transparency and accountability in running the project as the project needs 3 years of sincere and dedicated efforts. Everybody in the AGM showed their solidarity with the aim to make Delhi clean and healthy by inculcating a habit to keep and maintain toilets clean. The big project was to be launched formally on 10th May 2016 in the presence of Central Ministers, Commissioners, Mayors and Law Makers. A large number of volunteers were trained to further provide training to school children and staff. Delhi will be divided into 7 parliament Zones to smoothen the work. The project was implemented through wards level volunteers. An app was launched to keep an eye on the day-to-day problems of school children regarding their toilets. The AGM passed the proposal with great nodding and clapping. Several other issues regarding the project were also discussed. Smt Asha Jain also talked about micro level projects.

In the end, tea and snacks were served.
